Included Pest

Bed bugs

Fleas

Ticks

Mites

Weevils

Note

Pest Share is an innovative, on-demand pest control service designed to treat active infestations — replacing the need for traditional monthly preventative programs.

Requests must be submitted through PestShare.com and are subject to review. Your plan includes up to four reactive services per year, covering a maximum of three included pests. Each service includes a 30-day warranty.

All communication will be handled by Pest Share using the contact information you provide in your request — from initial confirmation to service completion. Messages will be sent via email and *text (if a mobile number is entered), so be sure to check your spam folder.

Pest Share is committed to providing reliable, efficient, and courteous support from start to finish. For questions, please reach out via chat at PestShare.com or email servicerequests@pestshare.com, unless otherwise directed.
